Participants of Executive Certificate in Leadership and Society Programme

Ladies and gentlemen,

Hello everyone!

Congratulations to each and every one of you in completing this 4 days programme. We have had some interesting moments in the discussions and also in listening to the presentations of group. It is amazing to realize that we have so much more to learn and grow in the knowledge and skills needed to do our job well.

Leadership is an important role; we are called now more to be a coach or a mentor to our staffs. Leading by example and having open communication is one of the traits of a good leader. We have had the opportunity to learn and be exposed to the various types, styles and methods of leadership to region, society, and gender. For some of you it was a refresher course but for some of us it was a new challenged!

As they say we cannot claim that we are ignorant of those things anymore, as we heard and learnt of them and so we are now responsible to carry it through.

Well, now that the theory part is over, let us now make our own decision to put those things into practical. Enjoy the new experience and adventure with the leadership styles in the areas where once was difficult, now hopefully it would be smooth sailing.

Congratulations once again on your completion of the studies and our thanks to the lecturer Assoc. Prof. Dr Mohmad Yazam Sharif for his time and expertise.

Thank you,
